Hi Peter,

Yes, it is. An amount in excess of the BLM estimate of \$1,452 is fine, so I'll agree to \$2,600 and use that amount when we send an authorization letter. Could you send me a copy of the estimate to include in the BLM files?

Although you're apparently using an older UDOGM case file, this will be under new BLM case file UTU-90076. Our older Notice file had expired, and BLM Notices cannot be renewed once they have expired.

Thanks very much,

Hi Duane,

I've reviewed the Miller Canyon amendment request, and am preparing a letter requesting more information from Scott Nielson, including something to verify that he is authorized to work with his deceased dad's permit and bond. We are proposing a bond of \$2,600 (an increase of \$1,405).

Is that agreeable?

Peter

Peter,

Have you had a chance to review this exploration proposal and estimate a reclamation bond amount yet?

Thanks very much,
